

## **Safety alerts to be aware of for hot water cylinders**

If you notice any of the following warning signs please contact the Customer Service Centre.

- Excessively hot water coming out of the hot water taps.
- Excessive noise or 'bubbling' from the hot water cylinder.
- Hot water coming out of certain cold water taps (some storage cisterns also feed cold water taps in the bathroom)
- Steam/moisture in the roof space.

*If you have concerns about any of the services in your home, please call the Customer Service Centre who will be happy to help.*
