SAFETY ALERT - HOT WATER CYLINDERS

The below list contains some safety alerts to be aware of for hot water cylinders. If you notice any of these warning signs please contact us:

Excessively hot water coming out of the hot water taps.

Excessive noise or 'bubbling' from the hot water cylinder.

Hot water coming out of certain cold water taps. (Some storage cisterns also feed cold water taps in the bathroom).

Steam or moisture in the roof space.
